

SCIPping Along

June 2012

Sheryl Dodd-Hansen, FCSI, CCS, CCCA, SCIP
Editor

Here is a brief message to help members plan for the Annual Meeting in September 2012.

PRESIDENT'S MESSAGE

Nina Giglio, CSI, CCS, SCIP

The plan is to hold the meeting on Monday, September 10, 2012 from 8 am – 3 pm. I anticipate the membership meeting will be in the morning starting 8:30 or 9 and then as we have in the past the member forum will run after that until 3. We are working with sponsors for the breakfast and lunch and maybe even a speaker.

Arkema is working on an event for Monday night (don't know what yet) in hopes of not conflicting with CSI events as we have in the last few years. I hate that most of us will have to come in on Sunday, but given that last year we had conflicts all day with the tours and education sessions we had little choice but to either bump forward to Monday – conflicting with the CSI Board Meeting and I believe the Certification Committee is also scheduled to meet on Monday – both affect some of our membership – but it won't ever be perfect. For those that weighed in to the discussion bumping to Monday seemed generally preferable to holding over to Saturday after the convention.

I hope this information helps you make travel arrangements.

More will follow soon. And check www.scip.com .

I'm looking forward to seeing you in Phoenix.
